Pedestrian crossing points including tactile paving to be provided at all road junctions in accordance with the d.E.T.R./scottish office publication: "guidance on the use of tactile paving surfaces".

Finished floor levels are for planning purposes only and can be found on the Road Layout drawing produced by Marrac Design, which accompanies this submission. Any discrepancy should be reported to the originator of the drawing immediately.

This layout should be read in conjunction with detailed road and drainage design drawings, including the Private Streets Determination drawing, produced by Marrac Design, to which this layout directly corresponds.

This layout should be read in conjunction with detailed landscaping proposals produced by JK Designspace. This layout relates only to indicative planting to rear amenity boundaries and existing vegetation to be retained and augmented on site, which corresponds directly to the existing tree survey and report completed by Arbor Consulting.
